

Formula Air
Supporting your performance

International manufacturer and
distributor of industrial dust
extraction products for more than
30 Years

WHY

MISSION & VISION

- Formula Air contributes towards clean air within industrial processes to support a sustainable work and living environment.
- Formula Air is best in class in delivering standardized dust extraction components for industrial processes in Europe, by focusing on operational efficiency to be the reliable one-stop-shop.

WE CARE ABOUT SAFE AIR

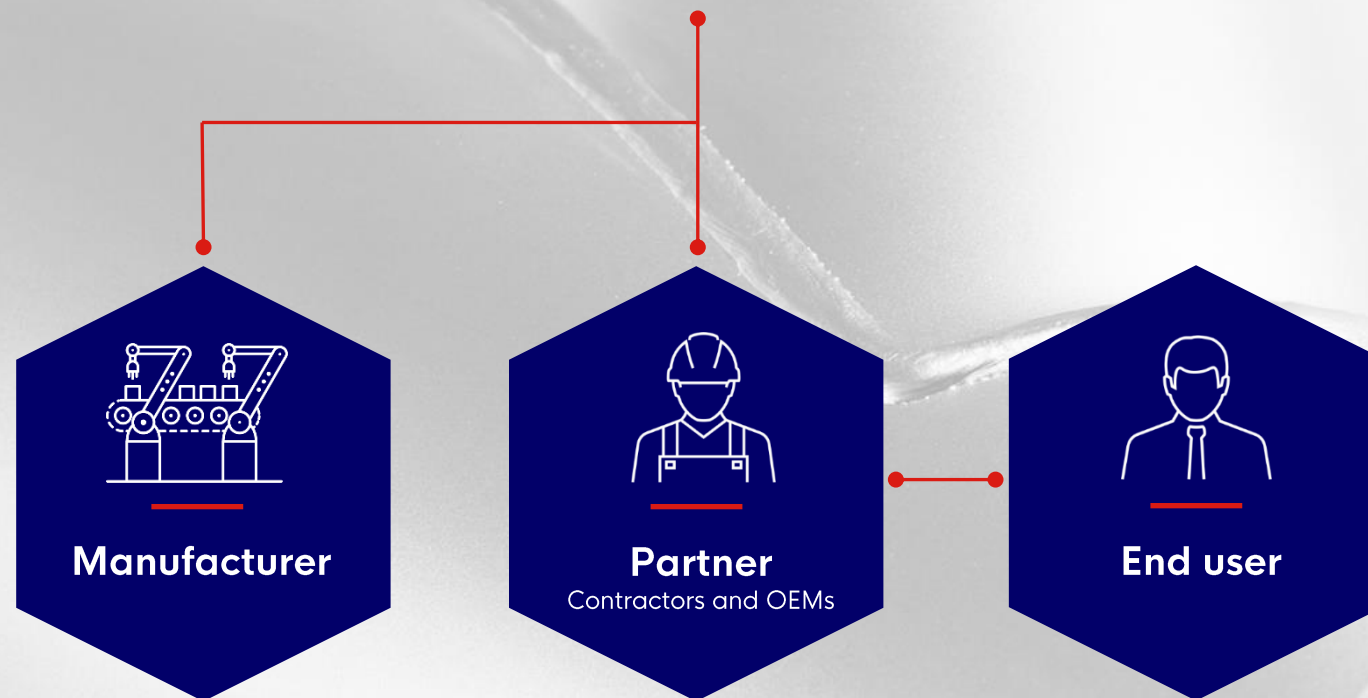

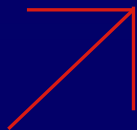

With the right expertise, ready-to-use techniques and innovations, we contribute to a better future for our planet.

- Air quality is the single biggest environmental hazard in the world (WHO)
- Air indoors is 2 to 5 times worse than outdoors (EPA)
- 72% of toxic chemicals are indoors (UL)

HOW

WE CONNECT

SERVICE LEVELS

DIRECT

Our strong European presence allows us to ship our standard stock products within 24h.

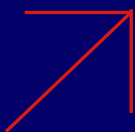

CONSULTING

We can help you with our technical knowledge and expertise to choose the right solution.

ENGINEERING

If you are looking for a non-standard product, it can be tailor-made by our engineers.

SUPPORT & ADVICE

Formula Air team is dedicated to building partnerships that add value.

220

TESTIMONIALS

“

Formula Air enables us to provide customers with the information they expect as soon as possible. It is important our supplier is as reactive as Formula Air. Our various customers, from the warehouse keeper to the account manager, are very happy with customer service.

Formula Air has a great asset, the men and women who make up the company, a human story that drives Proj'Air to trust you and build good relationships.

Nicolas Perroteau
PROJ' AIR, France

“

TECTRA Umwelttechnik GmbH stands for easy production with technology. Together with Formula Air we create added value of large product portfolio combined with extremely great customer service of this globally operating group.

TECTRA works with partnership-based and solution-oriented network partners only, so the decision to achieve our goals with Formula Air was right and successful.

Olaf M. Harmel
TECTRA Umwelttechnik GmbH, Germany
