PRODUCT DEVELOPMENT NEWS

Our R&D engineers have developed new products for the ATEX product range: BADA-FAB explosion isolation valve and RVA-X rotary valve. Tested and certified as safety equipment by EU notified body (FZTU), both ranges are in stock at our warehouse in Belgium.

RVA-X Rotary valve

BADA-FAB anti-explosion valve

One-stop-shop for ATEX products

We are dedicated to provide comprehensive solutions that align with the 2014/34/EC ATEX Directive, delivering top-notch protection against the spread of explosion.

BEST SELLING LASER WELDED PIPES

At Formula Air, we take pride in our comprehensive selection of laser welded pipes, tailored specifically for over-pressure, under-pressure and pressureless systems. By choosing longer pipes, our customers win in several ways.

Cut costs, save time with our 2-meter pipes:

- Lower price per meter

Lower unit costs by
15%

- Less mounting hours

Save around
30%

- Less mounting components

Save around
30%

ONE-STOP-SHOP FOR CLEAN AIR

Over 30 years of expertise in manufacturing industrial dust extraction products

Proudly working with

One-stop-shop for industrial dust extraction and filtration components. We equip installers and manufacturers with products and knowledge to ensure straightforward project delivery on time.

WHY FORMULA AIR

- 30+ years of experience
- Quality ducting manufacturer
- One supplier for all products
- All industries covered
- Local customer service
- Product training
- ATEX compliant product range

SERVICES

DIRECT

Our strong European presence allows us to ship our standard stock products within 48h.

CONSULT

We can help you with our technical knowledge and expertise to choose the right solution.

ENGINEERING

If you are looking for a non-standard product, it can be tailor-made by our engineers.

INVESTING IN A CLEANER FUTURE
